How We Will Calculate Your Balance: We use a method called “average daily balance (including new purchases).”

Variable Rate Information: The Prime Rate used to determine your APR is a variable rate announced by BB&T from time to time as “Prime Rate” and is subject to change periodically. The Prime Rate is currently 3.25% as of December 16, 2020; however, the Prime Rate is subject to change. See the BB&T Commercial Card Plan Agreement for further information. To obtain information about changes in the above disclosures, contact your local BB&T financial center or write: BB&T, PO Box 698, Wilson, NC 27894-0698, or call 1-800-397-1253.

* The rate for Purchases and Balance Transfers is determined monthly by adding between 6.99% and 15.99% to Prime Rate. The introductory rate begins on the account opening date.

** The rate for Cash Advance is determined monthly by adding 20.99% to Prime Rate.

*** The rate for Penalty APR is determined monthly by adding 21.90% to Prime Rate. If we do not receive your minimum payment by the due date, your rate may increase. If, within a six (6) month period, you either (1) make your payment late, within 30 days of the payment due date twice, or 2) make your payment more than 30 days after the payment due date once, the monthly periodic rate for but Purchases and Cash Advances and previous billing cycle Purchases and Cash Advances (including existing balances) will be increased. (Please note that there may be a rate increase even during your introductory APR period if we do not receive your minimum payment by the due date as outlined above. The rate increase will apply to any new balances once penalty pricing is triggered.) Your pricing changes will depend on one or more of the following: length of time your account with us has been open, the existence, seriousness and timing of defaults under any Commercial Card Plan Agreement that you have with us, and other indications of account usage and performance. Subsequent defaults could result in further penalty pricing adjustments or the exercise of other default remedies as outlined in the Commercial Card Plan Agreement. Penalty pricing changes will be effective as of your next billing cycle following the late payment condition described above. If your account has no additional defaults for a period of twelve (12) consecutive months, your account will be reviewed for an appropriate rate adjustment.
